## WORK EXPERIENCE

---

**FIXD Automotive Inc,**  
*QA Tester*

**July 2024 – Present**  
*(Remote) Atlanta, GA*

- A small tech company that specializes in creating a scanner app combo that helps customers and businesses manage their car's health
- As a QA Tester I am responsible for beta testing the different systems, and checking for UI errors or bugs
  - **Key Results:** Caught hundreds of UI errors, providing a more smooth user experience
  - Be ready at a moment's notice to test systems if problems arise
- Support developers by testing their pushes before they push to production
- Provide feedback on how to make the service better for customers

**Group Seven Consulting,**  
*Business Analysis Internship*

**May 2023 – August 2023**  
*Remote*

- Worked with head business analysis to improve user story creation and testing
- Executed system integration test (SIT) and user acceptance tests (UAT) to verify test scripts and outcomes prior to client testing
- Improved efficiencies by incorporating Oracle System's best practices into user stories and design templates in JAMA (user story/release management) documentation.

**The Select, Bar and Restaurant,**  
*Bartender | May, 2022 – Present*

**December 2021 – Present**  
*Sandy Springs, GA*

- Providing drinks to the entire restaurant with quick turn around
- Managing supply of different cocktails and spirits, while providing good service

*Foodrunner | December 2021 – May, 2022*

- Provide support to servers by bussing tables, delivering finished food, and providing assistance to guests

**Kroger**  
*E-clerk*

**January 2021– Oct 2021**  
*Marietta, GA*

- Collect, prepare, and delivery grocery orders for customers in a quick and timely fashion

## EDUCATION

---

**Kennesaw State University**  
*Bachelor of Science, Major: Computer Science, Concentration: Cybersecurity*

**May, 2026**  
*Kennesaw, GA*

- **Third year, Junior**
- President of ISSA and OffSec club
- Study abroad in South Korea for a semester
